

How Does Your Garden Grow?" Join the Cossitt School Garden Club to learn more!

This new club for 2nd thru 6th graders will meet Mondays after school

Activities will include planting, watering, weeding, harvesting, sharing and learning about plants, bugs, butterflies, flowers and vegetables in the brand new, beautiful Education Garden. We will also care for the flower beds and landscaping around Cossitt School.

Our goal is to give a sense of ownership and continuity

Encourage group responsibility, socializing and creative activities

Make our school beautiful through routine garden work
